

Assistant Professor, Instructional Technology

Institution:	The University of Montana
Location:	Missoula, MT
Category:	Faculty - Education - Instructional Technology & Design
Posted:	10/27/2006
Application Due:	Open Until Filled
Type:	Full Time

Position Description: The School of Education at The University of Montana is seeking applications for the position of Assistant Professor, Instructional Technology, in the Department of Curriculum and Instruction

Ten-month AY tenure-track position, with the possibility of summer assignments, beginning Autumn Semester, 2007

Responsibilities: Active involvement in a teacher education program that emphasizes community and collaboration; teaching undergraduate and graduate educational technology courses consistent with the needs of the teacher education mission; advising undergraduate and graduate students; conducting empirical research in educational technology and seeking outside grant funding; participating in professional, university and community service, assuming a leadership role in the field of instructional technology and in the design of distance delivery course work and facilities.

Qualifications: Required:

- * Earned doctorate in instructional technology or related field consistent with Curriculum and Instruction mission
- * Successful formal K-12 teaching experience
- * Evidence of excellence in teaching
- * Ability to establish an independent research program and collaborate with current faculty in research

Desired:

- * Successful post-secondary teaching experience
- * Interest and ability to provide a leadership role for the education community in the areas of instructional technology, and designing distance delivery course work and facilities.
- * Interest and ability to obtain external funding for programming and research

Salary: Competitive and commensurate with experience

Environment: Located at the heart of western Montana's stunning natural landscape,

UM is a magnet not only for top-notch teachers and researchers, but also for students from across the country and around the globe. Nestled in the Rocky Mountains, Missoula is the hub of five valleys and three major rivers - the Blackfoot, the Bitterroot, and the Clark Fork. Situated roughly halfway between Glacier and Yellowstone national parks, Missoula is a blend of small-town charm and big-city sophistication.

The School of Education at The University of Montana celebrates 50 years of continuous accreditation from the National Council for Accreditation of Teacher Education (NCATE). The School is also accredited by The Northwest Association of Schools and Colleges (NASC), and the Montana State Board of Public Education. The School consists of three departments: Curriculum and Instruction, Educational Leadership and Counseling, and Health and Human Performance. The Department of Curriculum and Instruction (C&I) offers a BA in elementary education, five options in the master's degree (M.Ed.) including one in instructional design for technology within the Curriculum Studies option, and a doctoral (Ed.D.) degree. Currently enrolled in C&I are over 800 undergraduate students, about 200 master's students, and about 30 doctoral students.

Submission Deadline: Review of applications will begin December 9, 2006, and continue until the position is filled.

Application Process: Send letter of application addressing, in order, the required and desired qualifications of the applicant as stated in the position announcement; a curriculum vita, official transcript for the terminal degree, and three letters of recommendation (including one from a supervisor) to:
